

# RapidCapture™

MyRDC

## Make Deposits on Your Schedule. Not Ours.

With Remote Deposit Capture, deposit checks using your existing Internet connection.

- **Make fewer trips to our bank.** Remote Deposit Capture enables you to *make deposits electronically* from your place of business, or literally anywhere where you can connect a PC or laptop to the Internet. The basic components required are a Windows-based computer, a check scanner, and your existing Internet connection.
- **Save time and money.**
- **Shorten collection cycle.**
- **Speed up time when funds are available.**
- **Reduce the number of returned items.**
- **Deposit research capability.**
- **Easy To set-up and use.**

We have teamed with one of the nation's largest solution providers. Therefore, you will have confidence when using this service, because our provider delivers security, installation assistance, around-the-clock support, and trouble-shooting expertise.

This means that you will be up and running quickly to start enjoying the benefits of Remote Deposit Capture.

Call us today, and ask for an account representative who will tailor the solution that is flexible and reflects your unique way of doing business.

The people of Viking Bank are committed to providing the Alexandria area with the best in financial services.

**Please talk to us about how we can help to make your dreams a reality!**
